

Anthony Bechara

Anthony.n.bechara@gmail.com

Summary:

I started working for the Digital Skills for All and Rectech in Delridge, we focused on web and game design/development. I have learned to work as a team and in solo projects. The games we created made it to Facebook Engineer for the Week Achievement Summit. The event was a hackathon that brought dedicated students from across the country to Facebook headquarters to work with and ask any questions to Facebook's brightest employees!

Employment History:

Rectech/ DSFA: Jan 2019- Present

Delridge Community Center: I am working with a team to code games, websites, and more!

Smartsheet (1 week job shadow): July 29- August 2

I learned how to communicate with customers and co-workers.

Achievements:

Honors: Received an Honor Roll Certificate from Chief Sealth for first semester (3.23/4).

Computer Engineering Competition:

Engineer for the Week Finalist for Chat Bot and Games my team developed; May 2019.

Certificates of Completion:

Winter/Spring/Summer Quarter Digital Skills for All Tech Job Training Program.
